She was like the dawn, insubstantial and somehow transient, as though she would fade from reality at any moment. Every day the villagers watch as Death, a spectral suit of black armour mounted upon a horse, rides through the valley beneath their mountain top home. After a lifetime living on the edge of Death s domain, his close proximity is neither terrible or threatening, rather he has become a simple fact of life and a familiar neighbour. Nothing seems to change until one night a young boy, alone in the meadows beneath a summer moon, watches a mysterious figure in white approaching the village through the tall grass. That fateful night culminates in a love story that crosses the borders between the village and the valley, childhood and adulthood, and even life and death. Death s Door is a novella from the author best selling Love and Space Dust and Could You Ever Live Without?.
