Ok.So right at the beginning, I was obsessed with seeing what this lump looked like . I didn t believe anybody. I wanted to see for myself. I actually was convinced it was over diagnosis it was just a fibroadenoma. Anyways. I started taking pictures. Then editing them to see if I could get a heat map or something. Early on, I could. I became better better at seeing things, fooling around with tints temperature in the iPhoto program. Put it all aside. Came back to it with new ideas. Finally got a really good look at it. Saw there were different colours. Started reading about benign versus malignant chemistry....
