Dimensions: 11.0in. x 8.5in. x 0.1in.VHAs logistics program is responsible for the management of medical supplies and equipment in VAMCs inventories and the standardization of such items throughout VHA. Previous reports have pointed to deficiencies in VHAs logistics program. GAO assessed (1) the extent to which VAMCs and networks have complied with new VHA requirements to remedy known deficiencies in its logistics program and (2) VHAs progress in enhancing its logistics program. GAO reviewed documents and interviewed officials to identify new requirements affecting VHAs logistics program. GAO then visited a nongeneralizable sample of five VAMCs and verified the extent to which the VAMCs and corresponding networks, which oversee VAMCs, were complying with VHAs new requirements. GAO also reviewed documentation of VHAs plans for funding, implementing, and evaluating efforts it is undertaking to enhance its logistics program, examined the extent to which VHA was on track to execute those plans, and assessed VHAs efforts against criteria in GAOs standards for internal control in the federal government. To address deficiencies in its logistics program, the Veterans Health Administration (VHA) issued new requirements in 2011 regarding the management of medical supplies and equipment in Veterans Affairs medical centers (VAMC) inventories, the standardization of these items, and the monitoring of VAMCs logistics programs. These requirements, some of which apply to VAMCs and some of which apply to networks, are designed to improve veterans safety and the cost-effective use of resources. GAO found that the five VAMCs GAO visited and their corresponding networks have partially complied with VHAs new requirements. Specifically, as of December 2012, none of the VAMCs GAO visited fully complied with all of VHAs new requirements for managing inventories; one VAMC GAO visited and two...
