WINDOWS 7 AND OFFICE 2007

DOWNLOAD

LAP Lambert Academic Publishing Nov 2013, 2013. Taschenbuch. Book Condition: Neu. 220x150x20 mm. Neuware - There are many books on the computer software operating systems and applications. In other countries books are written and published about Microsoft operating systems and software applications on monthly basis, but the English language used in such books is to communicate with students in the universities of USA or England. Instead of such books becoming useful and productive to non-native English speakers, they become not very useful as they provide hard to understand materials. The attempt of this book is to provide an easy to understand to Windows 7 operating system and Microsoft Office 2007 applications for non-native English speakers to fully understand the basics of Windows 7 and Office 2007 applications. The book consists of six standalone chapters, where at each chapter starts with chapter a brief description about the chapter. This book explains its material in steps with figures, images, and diagrams and examples to enhance its understandability. This book covers Windows 7 operating system, Microsoft Word 2007, Microsoft Excel 2007, Microsoft PowerPoint 2007, Microsoft Access 2007, and the internet and email concepts. 332 pp. Englisch.
