New College chemistry experiments (2 experiments the basic operation of a new system of Chemistry. University of series of textbooks)

Filesize: 7.08 MB

Reviews

It in a of my personal favorite book. It is writter in easy terms and never hard to understand. Its been designed in an exceedingly easy way and it is only after i finished reading this publication by which in fact changed me, change the way i think.

(Lucinda Stiedemann)

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment.Pages Number: 272 Publisher: Chemical Pub. Date :2010-08-01 1 1st print version 2010-08-01 this book is New Experimental Chemistry series of the second volumes. the integration of the original inorganic chemistry. analytical chemistry. organic chemistry and other experiments in the basic content. breaking the original experimental system. in summarizing the experience of many years of teaching reform experiment on the basis of content editors from the existing experimental and experimental development in recent years. carefully selected 102 test . Book from the basic operation of experiments. constant measurement experiment. experimental determination. purification and physical nature of the experiments and preparation of experiments of five parts. Each experiment includes experimental purposes. the experimental principle. instruments and reagents. experimental procedures. results and discussion. attention. thinking questions. references eight parts. Contents: Chapter 1 Basic Operation Experiment 1.1 Experiment 1.2 glass processing equipment commonly used in glass washing and drying the rough with the preparation of test solution 1.3 solution preparation and calibration of precise experimental determination of melting point experiments 1.4 1.5 Experimental Determination of distillation and boiling point of minus 1.6 pressure distillation. steam distillation experiment experiment 1.7 1.8 1.9 simple fractionation experiment experimental sublimation recrystallization purification method 1.10 Chapter 2 of constant measurement Experiment 2.1 Experimental Determination of Avogadro constant. molar gas constant 2.2 Experiment 2.3 Determination of several feet of lead dichloride experimental determination of solubility product molecular weight of 2.4 CO2 2.5 Determination of experimental determination of solubility of potassium nitrate solubility curve drawing and experimental chemical reaction enthalpy 2.6 Experiment 2.7 Determination of the chemical reaction rate and chemical equilibrium experiments 2.8 sulfosalicylic acid-iron () complexes of the composition and stability constants of the measurement experiment with...
