Phenomenology: Japanese and American Perspectives

By Hopkins, Burt C.

Book Condition: New. Publisher/Verlag: Springer Netherlands | Many of the contributions to this volume are based on research originally presented at the historic first meeting in the United States of Japanese and American phenomenologists that took place at Seattle University in the Summer of 1991. In addition, other contributions have been added in order to supplement and complement the themes of the work presented at this meeting. Owing both to the vagaries of fate and the finitude of time, the publication of these essays has taken much longer than was originally intended. Nevertheless, this delay is more than offset by the inclusion in one volume of both phenomenological thematics and phenomenological authors who do not usually appear together. | Part I: Phenomenology and Logic. 1. Phenomenology as Calculus? S. Nuki. 2. Is Logical Space an A Priori Framework of the Life-World? Y. Okamoto. Part II: Phenomenology of the Psyche. 3. Merleau-Ponty's Vertical Genesis and the Aristotelian Powers of the Soul; V. Fóti. 4. The Subject in Phenomenology and Analytic (Jungian) Psychology; B. Hopkins. Part III: Phenomenological Self-Critique. 5. Certainty, the Fictitious Essence of Philosophy; S. Yuasa. 6. The Aporia of Time-Analysis - Reflection Across the Transcendental Divide; R. Bruzina. 7....
