Reviews

An extremely wonderful book with perfect and lucid information. This can be for all those who statte there had not been a really worth reading through. Its been written in an exceptionally easy way and it is only after i finished reading this ebook in which actually modified me, alter the way i really believe.

(Kaelyn Reichel)

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 198 pages. Dimensions: 9.7in. x 7.4in. x 0.4in.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1913 edition. Excerpt: . . . 99-5 (made possible by two longitudinal sections which Mr. Ch. Christman Prepared) resulted as follows: first, that the twelfth pair of cranial nerves (hiP-Ilossllfi) is lacking; secondly, that the whole auditory capsule buds off laterally and is almost constricted off in 0. separate bony chamber. Issuing from the auditory chamber of the brain case in a postcro-anterior series appear first the perilymphutic vessels and above them probably a vein (not the-luguli); in front follows the great fenestra ovalis, in which (in Skull N0. 4188 and 4272 and according to Case also in a skull in the Unive-Slty fMl3l1lg1) Pests a stapes about 4 cm. long. A little in front of the;: : : 1. ialOI;enlg hes the P8!: ture of the Fallopian canal, through which the to th EH8 passes. Behind the above-named openings and quite close 8 I1d. 185 hes the exit of the vagus group (IX--XI). Possibly the jugular vein also emerges here, or else together with the perilymphatic vessels, On the inside and in front of the otic diverticulum, obliquely above the sella turcica, are seen two entrances for the branches of the trigeminus, and these two also appear on the outside in front of the insertion of the vertical flanges of the pterygoids. Three centimeters further forward and somewhat lower is the opening for the optic nerve. The exits of the third and fourth nerves I could not see, nor was I certain of the foramina for the abducens which...
